

1. Introduction

- Purpose: This document describes the manual testing strategy for saucedemo.com, an e-commerce website, to assure its functionality and usability.
- Scope: This test plan includes the website's fundamental operations such as login, product sorting, adding items to the cart, checkout, and order completion
- Objectives:
 - Verify the login functionality with valid and invalid credentials
 - Ensure that the Product catalogue is displayed correctly
 - Validate the functionality of adding and removing items from the cart
 - Test the checkout process and order placements

2. Test Environment

- Browser: Chrome(latest version), Firefox(latest version), Edge(latest version)
- Operating System: Windows 10/11, macOS, Linux
- Network: Stable internet connection

3. Testing Approach

- Functional Testing: Focus on verifying core functionalities of the system
- Error Handling: Verify the system's response to invalid inputs

4. Test Deliverables

- Test Plan Document (this Document)
- Test Case Document (Excel)

5. Test Schedule

- 12 March 2025 - 19 March 2025

6. Acceptance Criteria

- The system must be accessible

7. Exit Criteria

- All high-priority test cases are executed
- Test Summary report is submitted
